

CHURCHILL GATEWAY

DEVELOPMENT CORPORATION

Bill Drew

Bill Drew has retired as Executive Director of Churchill Gateway Development Corp.

Prior to joining the CGDC, Bill was Director of Rail Logistics and Country Operations for the Canadian Wheat Board (CWB).

Earlier he served as Director of Grain Operations for Canadian National Railway (CN) in Winnipeg.

A third generation railroader from Thunder Bay, Bill began his career counting boxcars and never lost the common touch as he rose to senior operational positions.

At CGDC Bill worked tirelessly to improve service and accessibility for grain farmers at Churchill and to strengthen the Port through diversification and increased backhauls.

A true friend to Prairie farmers, Bill assisted numerous short lines and producer cars groups in establishing themselves and securing terminal other crucial contract arrangements.

HBRA offers Bill its heartfelt thanks for his work at CGDC and his generous assistance to our Association and its members.
